GARY AND MARY AUFDENKAMPE

Dear Rotary Club Members,

Happy Rotary New Year! We wish each of you health, happiness, and prosperity as we Serve to Change Lives. We have been challenged to be a Changemaker by Rotary International President Shekhar Mehta, maybe out of necessity. This will mean something different to each and every one of us. It is time to re-invent Rotary. We are resilient, we are people of action and nothing can stop a Rotarian when they put their mind to something. We are the healers, we are the peacekeepers, we are the optimists, and we are the dreamers.

We must think about our Rotary membership in different ways. We are challenged to Each One, Bring One to create new types of clubs that serve our Communities and our World. We all have the power to do great things and it begins with you. Please always remember your Rotary membership is a gift, it is a privilege to be a Rotarian, and everything begins with our membership. Conversations need to happen, stories need to be told, as we reboot and adapt to these changing times. The future Rotary is here and now and if it was not working Pre-COVID, please ask yourself why go back to doing things the same way. Be bold, be creative, embrace change and see where it leads.

I have witnessed change starting in 1988 by being the first woman in the room. When I shared with my Aunt Mary that I was invited to join the Rotary Club, she said, "Why do you want to join that old Man's Club"? I said, "Because it's not going to be an old Man's Club for long. I was an empowered young woman and now we are challenged to empower girls this year. "The Girls of the World are Waiting for Us." To this day, we still do not have the equality. We must be more inclusive, more diverse, more tolerant to truly demonstrate our passion for Peace and Justice. We have been trusted with a beautiful world and how we care for it will be witnessed for generations to come. Rotary needs us and we need Rotary more than ever.

Are you ready? I am. Join me Changemakers, as we Serve to Change Lives.

Mary

Mary L AufdenKampe
District Governor 2021-2022

We are
the healers,
we are the
peacekeepers,
we are the
optimists,
and we are
the dreamers.

Win!

**SERVE TO
CHANGE LIVES**

Changing of the Guard

Fun and festive was the goal for the District Changing of the Guard celebration on June 25 at the beautiful Emerald Event Center in Avon, Ohio, and the Installation Committee did not disappoint!

Changing of the Guard

The colorful theme of **Serve to Change Lives** was brought to the forefront in the decorations and the messages. Rotary International Director Elizabeth Usovicz performed the swearing in of District Governor Mary AufdenKampe, District Governor Elect Diana Savage, and District Governor Nominee Jim Duke via Zoom from her home in Missouri. Other Rotarians and visitors throughout the district were able to join in too at the hybrid event.

New Year – New Team – Renewed Focus

ENVIRONMENT

The 3,100 members of 63 Rotary Clubs in District 6600 have a new team of leader volunteers working to ensure the impact Rotary has in our communities, our region, our country, and the world, is purposeful and focused.

TIM RYAN

In 2020, the Environment was added as Rotary's Seventh Area of Focus. As Rotarians, we can use our influence and resources to build awareness and invest in smart, efficient ways to protect our environment.

Leading the Environmental Committee this year is Tim Ryan

(Toledo). Tim Ryan served as President of the Rotary Club of Toledo in 2019-2020 and was on the club's board when Toledo Rotary spearheaded the district's first **Lake Erie Watershed Crisis Conference** following the Lake Erie Algae bloom crisis in the summer of 2014. Half a million Toledo-area residents lost their drinking water because of thick carpets of bacteria-laden algae on Lake Erie. But spearheading the Environmental Committee for the district is going to be more than just focusing on clean drinking water in our area. Rotary International's commitment will mean additional funding for Foundation global grants. The Rotary Foundation of Rotary International has published Global Grant Policy guidelines, for the Area of Focus of the Environment which can be downloaded [here](#).

As Rotarians, we can use our influence and resources to build awareness and invest in smart, efficient ways to protect our environment.

New Year – New Team – Renewed Focus

CRISIS MANAGEMENT

In Rotary year 2021-2022, Rotary International has required that districts throughout the world establish a committee to adopt and maintain a crisis management plan to understand and manage organizational risk and support emergencies which may arise.

The goal is to maintain a safe, harassment-free atmosphere always. District Governor, Mary AufdenKampe has appointed **Christopher Trabbic** to fulfill this role. Christopher, a Past President of the Rotary Club of Maumee and

Maumee Rotaract Club, currently serves as Director of Operations for Ohio Council of Community Schools. His professional experience with Compliance Issues, Human Resources matters, and Rotary International's By-Laws and Code of Conduct will be invaluable in this new role.

The District, a Club or Rotarian may observe a youth protection issue, harassment, discrimination, or encounter simply bad judgment that also may place Rotarians in situation the require serious or immediate attention. A natural disaster, man-made tragedy including shootings, other violent crimes, terrorist activities, traffic accidents or even financial debacle may also occur. Subsequently, any of these events may cause an action or inaction of a Rotarian or non-Rotarian that may place a Rotary Club, officers, or board members at risk. The District's Crisis Management Plan sets procedures to follow with accurate information reflecting Rotary's sincere concern to resolve the situation and take necessary action in a timely and professional manner. As training resources become available, the district will

CHRISTOPHER TRABBIC

train the presidents and club leaders, and then provide information to be disseminated to the rest of the district members. Working with Christopher are **Karim Baroudi** (Findlay) as COVID Officer/ Correspondent and **Bev Young** (Marion) as Youth Protection Services Officer.

KARIM BAROUDI

BEV YOUNG

Karim who is responsible for monitoring the pandemic's effects and the district's response on gatherings, vaccine administration and other COVID

New Year – New Team – Renewed Focus

continued

matters. Karim currently serves as the Hancock County Health Commissioner and in that role is the Executive Officer for the Hancock County Board of Health. He provides the District Governor a weekly report on information and statistics, and in consultation determine if new circumstances warrant a change in direction for clubs and/or the District.

Bev Young has served as the Executive Director of the Marion Area Counseling Center which focuses on substance abuse disorders, victim assistance, recovery housing, suicide prevention and mental health first aid. Her long-term agency employment and support for the mental health needs of her community has made her uniquely qualified to fulfill this role protecting our youth. It is the goal of the District to establish and maintain a safe environment for all youth who participate in Rotary activities. All Rotarians, Rotarians' spouses and partners and other volunteers must safeguard the children and young people that they encounter, and protect them from physical, sexual, or emotional abuse. Rotary District 6600 has several youth programs including Interact, STRIVE, Rotary Youth Leadership Awards, Four-Way Speech and Essay Contests, and Youth Exchange.

CURT PAUL

CAROLYN HUSTON

T R A I N I N G

Training members to be the best leaders of their clubs and in their personal and professional lives is paramount. **Curt Paul** (Oberlin) will lead the training efforts in 2021-22 and along with input from **Carolyn Huston**, PDG, (Lorain) he will provide guidance for the Rotary Leadership Institute, a reimaged training program geared to club presidents and board members.

Q&A with Governor Mary

How long have you been involved with the Rotary?

33 years – I was invited to join the Rotary Club of Avon Lake, Ohio in the fall of 1988.

What is a big goal you have for your year as District Governor?

I'd like to help support the Rotary Foundation of Rotary International through our District-wide Mustang Mach-E car raffle. Our goal is to earn at least \$100,000 during this year of sales. If every person from every club buys just one ticket, we will be successful. I also love that the car is electric, which ties into our new environmental goals.

What are a few of your most memorable projects over the years?

There are so many. I enjoy supporting M.E.S.A. (Medical Equipment Supplies Abroad) and working with others on International Service Projects. It was meaningful to write grants and to work with other Rotary Districts to fund a Borehole Well in Zimbabwe, Africa in 2014-15 and a Milk Parlour Project in 2017-18.

Outside of Rotary, what other causes are you passionate about?

As one of the first women to be inducted into the Rotary in the United States, and having a long professional career, I try to continue to be a strong voice for women and women's equality.

Tell us a little about your family.

Many know my husband Gary. Together, we have three adult children and three grandsons.

Seven New Assistant Governors!

Assistant Governors (AG's) are the messengers from the district leadership team to the clubs! They are appointed annual by the district governor to assist in the administration of their assigned clubs and to help incoming club presidents prepare for their year in office and for the governor's official visit.

They also advise their assigned clubs on strategies for achieving goals, visiting each at least four times a year. Their term is for one year with an option to be renewed two more years (total of three years), however many AG's have served two or more consecutive three-year terms. AG's have usually served as a club president and generally have potential for future leadership in the district.

Thank you

Out of 13 areas, 7 new AGs have graciously volunteered to serve this year. They are:

RENEE ISAAC
(Bryan), Area 1 –
Antwerp, Bryan, Hicksville,
Montpelier, and Stryker Rotary Clubs.
rci@bright.net
419-636-2364

BECKY NEVILLE
(Ada), Area 7 – Ada, Delphos,
Kenton, Lima, and Wapakoneta
Rotary Clubs.

JIM HIEB, STRIVE Chair
MARY AND GARY AUFDENKAMPE, Co-Chairs, Youth Exchange
SAM BATTLE, Interact Chair
MINDY NIELSEN, Virtual Meeting & Technology Chair

thank
you

Open Positions

The District Roster boasts 73 filled positions for the Rotary year 2021-2022! Two Committee chair positions remain open:

- **Friendship Exchange Chair – Oversees and Coordinates**
- **New Generations Chair/VTT (vocational training team) Chair, similar to the former GSE (Group Study Exchange Program) – Oversees and Coordinates**

THE FRIENDSHIP EXCHANGE PROGRAM with Rotarians is still in the virtual world. Its mission is to coordinate efforts with Rotary friends abroad and share each other's way of life, work, and community through technology. Once COVID is behind us and we can travel abroad safely, at the adult level, it would be a three-week travel experience (time negotiated by all parties involved), where Rotarians, as an example, might travel to England and be home-hosted and experience their new Rotary friend's way of life and family. Then, we reciprocate. They are at our homes, hosted here and stay here in America and experience our way of life. Every visit has a planned time frame. This is a reciprocating, social program and is self-funded.

NEW GENERATION SERVICE EXCHANGE/FORMALLY GSE

This is an adult-level program that is typically home-hosted with a team leader and participants and will resume once it is safe to travel abroad (hopefully in 2022). This is a professional program that each District funds for the purpose of training, education, and future service projects. This program is sometimes referred to as a Vocational and Technical Training (VTT) Program.

New Generation Service Exchange

The time frame is approximately four weeks abroad, with reciprocating teams. Each team gives presentations to local Rotary clubs about their work, their sponsoring club and District, community, and personal life. Observation of one's vocation or physically participating in one's vocation can be part of the Exchange programs, as well as discussion and implementation of approved service project. Often the New Generation Service Exchange Program participant becomes a Rotarian after their exchange experience.

The benefit of both programs is relationships!

If you are interested in leading the district with one of these programs, please reach out to District Governor Mary AufdenKampe at mary_aufdenkampe@hotmail.com.

Win Me!

MUSTANG

- Tickets available online or in paper format
- Drawing will be Saturday, May 14, 2022 at District Conference in Geneva on the Lake, Ohio
- No cash value; no cash paid out in lieu of vehicle
- Winner need not be present to win
- Winner to pay all applicable fees, taxes, registration, and transportation expenses if outside delivery area which is Sheffield Lake, Ohio.

Environmental and Water Committee News

The newly formed Environmental Committee (Tim Ryan, Chair) and the Water Committee (Janina Douglas, Chair) are off to a great start for the '21-'22 Rotary year!

The core team (Tim, Janina, Chris Anderson and Chris Vogel) headed out to the farms and toured a dairy operation to view new methods in manure management! Don't laugh, animal nutrients and how they are applied to farm fields is one of the most hotly contested areas in our Western Lake Erie watershed. The committee is in the info gathering stage right now with plans to host a conference later next spring. If you have expertise and are willing to volunteer your time, join us and help Rotary "Serve to Change Lives".

ACTION ITEM - SPEAKERS - We hope that every club will find time to have one speaker each on an Environmental and a Clean Water topic sometime in this Rotary year. By this fall we will be sending suggestions and contact info for speakers who clubs may contact. If you have a speaker suggestion, let us know and we will share it with the whole District.

Looking for one of your club member's contact info, or an email or phone number for a district leader? On your smart phone's browser, go to m.dacdb.com. Log into your DACdb account, save your information, and you'll have easy access to members, leaders, district and club calendar events. (This is not an app; it's a mobile website hosted by DACdb.) Problems logging in? Reach out to Dianne Brehm, District Secretary at Dianne.brehm@uwlaincounty.org for help.

Photo by Jan McKay,
North Coast Rotary

Do you have a great high-resolution photo of Lake Erie or other body of water near or within our district?

Please send them to Sharon Trabbic, Public Image Chair, at sharon@trabbic.com. Information and articles can be sent by the first of the month to be considered for inclusion in each monthly newsletter. To have your club event included in the newsletter, please add it to the Calendar in DACdb, and if the timing works, we will include it as well!

We Value Diversity

At Rotary, we understand that cultivating a diverse, equitable, and inclusive culture is essential to realizing our vision of a world where people unite and take action to create lasting change. We value diversity and celebrate the contributions of people of all backgrounds, across age, ethnicity, race, color, disability, learning style, religion, faith, socioeconomic status, culture, marital status, languages spoken, sex, sexual orientation, and gender identity as well as differences in ideas, thoughts, values, and beliefs.

District Grants

Last year over 50 clubs participated in the We Are One District Grant, and we hope that as many clubs or more will want to participate again this year. Begin to talk with your board and members about potential projects that you can fund, with help from District Designated Funds, or even Global Grants.

District grants may be used to fund a variety of district and club projects and activities that are congruent with

Rotary's 7 Areas of Focus.

Special priority will be given to those with focus on the following:

- Empowering girls - Encourage or support gender equality and empower women and girls.
- Diversity, Equity, and Inclusion - Cultivate a diverse, equitable, and inclusive culture.
- Environmental - Strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment.

The district match for local grants is \$1 for every \$2. For example, a project that is \$9,000 can receive \$3,000 in district grant funds plus \$6,000 in other funds. The district match for International projects is \$1 for every \$1. A project that is \$9,000 can receive \$4,500 in district grant funds and \$4,500 in other funds.

Qualify Your Club: Clubs must be qualified by The Rotary Foundation of Rotary International to receive district grant funds. Becoming qualified is simple. Around August 15, the District's website and DACdb will be updated to begin to accept grants. At that time, club Presidents, President-Elects, and/or Rotary Foundation chair should:

1. Read through the district qualification "memorandum of understanding" (MOU), and
2. Participate in the online Grant Management Webinar sponsored by the District. At least two club members must participate in the online training.

Once the grant site becomes available, clubs will have about six weeks to complete the requirements and submit the grant through DACdb.

Event Highlight:

Lone Star Flight Museum

Friday, Jun 3, 2022 • 6:00 PM –10:00 PM CDT

Come experience the thrill of historic aviation at the Lone Star Flight Museum located at Ellington Field. This is an aerospace museum that displays more than 24 historically significant aircraft and many artifacts related to the history of flight.

Join Us!

As your District Convention Chair, Governor Mary and I cannot wait to welcome you and your guests to Houston and the great State of Texas for the 2022 Rotary International Convention.

The saying goes that everything is “Bigger,” “Better,” and “Friendlier” in Texas, and our goal is to have each of you feel that way every moment you are in Houston! From the humble beginnings of this great city, Houston has been led by “People of Action” who have taken this City to great heights including, to the moon and back.

The City has plenty of activities to keep you entertained. Visit Space Center Houston, the home of Johnson Space Center and the Astronauts. Enjoy a night at the theater. Houston features a world class symphony, opera, ballet and permanent theater company. World class museums are within a short ride from the convention center. Of course, you can watch the 2017 World Series Champion Houston Astros at Minute Maid Park which is walking distance from the Houston Convention Center.

Houston is one of the most diverse cities in the world with a vast range of cultures. Houston’s diversity has resulted in some of the world’s best cuisine. Houston’s vast array of restaurants include Creole, Chinese, Thai, Vietnamese, Italian, African, Caribbean, Argentinian and of course our very own Tex-Mex and world-famous BBQ, to name a few.

So come on down y’all and join me and Governor Mary in Texas.

Please contact me via email at jludwig67@gmail.com if you are registered or interested in learning more about the RI Convention from June 5-8, 2022. I will be sending you updates and more information about the convention soon.

– Joe Ludwig, District 6600 Convention Chair

Congratulations to Van Wert President, Vicky Smith!

Vicky Smith was the winner of expense-paid (registration and airfare) to the 2022 Rotary International Convention in Houston! During the 2020-2021 Rotary year, each of the district’s 63 club’s presidents-elect attended virtual training sessions on various topics to be a great leader of their club. For each session attended, and for other incentives (submitting a strategic plan, entering goals in Rotary Club Central for example), these leaders received one or more opportunities to win. Club Presidents-Elect had more than 100 chances to enter their name for the win! Vicky was a high-achiever and quite an active participant in the training sessions and very efficient at completing the other initiatives! Congratulations and see you in Houston, Vicky!
