

## 2022 Service Project Competition

For this year's All-Ohio PETS, the five District Governors-Elect in Ohio have challenged each other to a fun and impactful service project competition.

With a goal to donate **16,000** blankets to warm the hearts of children in the foster care system throughout Ohio, as part of this year's All-Ohio PETS, we are holding a competition to see which district can donate the most blankets per capita, based on membership of each district as of July 1, 2021.

We're partnering with **My Very Own Blanket** for this competition. My Very Own Blanket is an Ohio nonprofit corporation founded by Jessica Rudolph in 2000. ***Jessica is also the current president of the Rotary Club of Columbus Short North!***

In order to participate in this service project competition, go to <https://www.myveryownblanket.org/rotary---all-ohio-pets.html> and simply follow the steps on the website. **Be sure to select your district number so that we can count the number of kits ordered by members of each district.**

The blanket kit includes pre-measured and cut fleece with the MVOB special tag attached, a fringe-cutting template and instructions. ***All you provide is a pair of scissors!***

The winning district will be awarded the "AOP Service Project Champions Cup."

***Happy blanket-making!!!***
